CURE FOR ALL!
HOLLOWAY'S OINTMENT

CITIZENS OF THE UNION—

You have done me the honor as with one voice, from one end of the Union to the other, to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,

ASTONISHING CURE OF SORE LEGS, AFTER NINE YEARS STANDING.

Copy of a Letter from Mr. W J Langley, of Huntsville, Yadkin Co, North Carolina U. S., dated Nov 1, 1853.

READ HIS OWN WORDS

To Professor HOLLOWAY—

SIR, It is not my wish to become notorious, neither is this letter written for the mere sake of writing, but to say, that your Ointment cured me of one of the most dreadful cutaneous diseases that ever afflicted human flesh, and which was considered by all who knew me to be entirely beyond the reach of medicine For nine years I was afflicted with one of the most painful and troublesome sore legs that ever fell to the lot of man, and after trying very many medicines I had ever heard of I resigned in despair all hope of being cured, but I read and bought me a couple of large pots of your Ointment, which caused the sores on my legs to heal, and I entirely regained my health to my agreeable surprise and delight, and to the astonishment of my friends (Signed) W. J. LANGLEY.

The British Periodicals.

The Quarterly, The Edinburgh, The North British, and The Westminister Reviews, and Blackwoods' Edinburgh Magazine.—In calling attention to the above periodicals, we do not feel that we are recommending trash, which so often passes current as the literature of a country. They have been long established, have earned a world-wide reputation, and are sustained by the most eminent literary and scientific writers of Great Britain.

The Edinburgh Review is the organ of what was the Whig party, and has made a deep impression on the politics of the country.

The Quarterly, is the Tory organ, and was established to counteract the influence of the Edinburgh Review, and to oppose Political Reform, and Catholic Emancipation, which the Review advocated.

The Westminster Review belongs to the Radical School, and is not specially trammelled by orthodoxy, siding with the Unitarians.

The North British Review was originated by the leaders of the Free Scottish Church, in part to neutralize the Liberalism of the Westminster Review. It is Evangelical, and has a strong array of contributors.

Blackwood's Magazine is too well known to need any commendation. It is the Prince of Magazines.

These works are published in this country, by Leonard Scott & Co., New York, immediately on their reception. Those who wish to keep acquainted with the literature, politics and religion of Great Britain and the world sho'd take these works. See advertisement.

OFFICIAL RETURNS FROM CALIFORNIA.—The official returns for Congress and Clerk of the Supreme Court of California, have been opened and counted in the office of the Secretary of State. The vote for Denver (anti-Broderick is 37,637, and for Herbert (anti-Broderick) 37,409. They were the regular Democratic nominees. Bowie (Whig) received 35,360, and Benham (Whig) 35,035. The votes for the Broderick Democratic candidates were as follows: Churchman, 10,039; McDougall, 10,001; Mr. Latham, (Dem.) who was not a candidate, received 1,843 votes. Beard, the Whig candidate for Clerk of the Supreme Court, is elected by a plurality of 205 votes over Leake, the anti-Broderick Democratic nominee—Woodside, the Broderick Democratic candidate, having received 11,721 votes.

FROM KANSAS.—Gov. REEDER has decided not to order an election for a Territorial Legislature this season, as here has been no census of the inhabitants taken to serve as a basis for representation, and there is no fit place for holding a Legislative session. This decision has been taken in high dudgeon by the Missouri slaveholders, who had arranged to throw over voters enough into the Territory to elect a Legislature that would expressly legalize Slavery. They are very fiercely assailing Gov. R. as a land-speculator, monopolist, &c.

PENNSYLVANIA.—Hon James Pollock, Governor elect, has tendered to Andrew G. Curtin, of Centre County, the appointment of Secretary of State. John M. Sullivan, of Butler Co., is selected for Deputy Secretary. Both of these gentlemen are understood to have accepted.

PRESIDENT OF THE SENATE.—Gen. BRIGHT of Indiana, was elected President of the U. S. Senate, on the 5th inst., by the following vote:

Bright 24; Dawson 2; Chase 6; Foot 2; Badger 1.

PRESIDENT'S MESSAGE.—In speaking of the President's Message, the Columbus Reporter (Democratic) says:

"Though we do not feel disposed to find fault with the document, we must admit that it contains very little beyond the capacity of a school boy."

G. B. UPTON has been nominated by the Whigs of Boston, as their candidate for Mayor. Mayor SMITH, the present incumbent, is the Know-Nothing candidate.

GEO. W. SUMMERS will probably be the Know-Nothing candidate for Governor of Virginia. If he is nominated, it is thought, he will be elected.

ELECTION.—The Know-Nothings elected their whole ticket, in Lawrence, Mass., on the 4th inst. ALBERT WARREN was their candidate for Mayor.

ALABAMA.—Wm. R. Smith, of Kossuth notoriety, is named as a Democratic candidate for reelection to Congress.

MAYOR.—B A. Putman, Whig, has been elected Mayor of St. Augustine, Florida, by 25 majority over J. M. Gould, Dem.

At the recent town election in Hartford, Conn., there were twenty-three tickets in the field. Most of the successful candidates were Whigs.

THE PRESIDENT'S MESSAGE was put in type in the *N. Y. Tribune* office in forty-five minutes, and issued in an extra some time in advance of all competition.

THE Boston *Mail* "hangs out its banner" with the name of Edwin Forrest as Native American candidate for the next Presidency.

THE Kansas Herald says that Leavenworth is expected to be the present capital of the territory, abundance of coal is found in that region, and the "Merchants and Farmers' Bank of Leavenworth" is about going into operation.

FREED SLAVES.—Fifty-three slaves, freed by the will of the late Chas. Everett, of Virginia, have just left Petersburg, Va., for Pennsylvania, where they are to be located, with an outfit valued at $1,500 for each.—*Philadelphia Gazette, &c.*

WHEN New-Hampshire deserts her noble and well-tried son!—*Washing. Union.*

We should guess that President Pierce had not only been "well-tried," but counterbalanced, quartered.—*Conn. Mir.*

Reports from the War, Navy and Post-office Departments.

The annual report of the Secretary of the Navy recommends an increase of the material of the Navy, and new regulations for the improvement of seamen.

The Secretary declares the Darien ship canal route impracticable. Says he could not reprove Hollins for his conduct at Greytown.—Compliments Commodore Perry for his success at Japan. He would not increase the officers of the Navy, but create a retired list of the infirm ones, discharge the inefficient, and regulate promotions in a degree by merit instead of seniority. He would make moral or physical incapacity disqualify for promotion. Experience, the Secretary says, justifies the abrogation of flogging, but that a substitute is required. Proposes indefinite increase of marine corps. Recommends a marine dock and railway at San Francisco.

The Secretary of War reports the actual strength of the Army at 20,745; authorized strength 14,216. Enlistment are fast filling up the deficiency. Better luck is hoped for next year in the removal of the Seminoles. The military force on the frontier must be increased. Recommends, again, camels and dromedaries for military purposes. Wishes the widows and orphans of naval officers placed on an equality with those of army officers. Proposes nine Brigadier Generals, being an addition of three. Advocates merit as the criterion for promotion. Recommends professorship of ethics and English studies at the military academy.

The Post Master General recommends a system of registration of valuable letters, such to be sent under a special post bill, and 5 cts. additional postage to be charged for registeration. A system of checks for the detection of missing letters and mail robbers is also suggested. The Post Master General compliments highly the Collins' Line of Steamers, but thinks the present pay too high. He advises the Government to exercise their right, to purchase the California Mail Co.'s ships, and abrogate their contract unless the contractors will give weekly service for the present contract prices.

FUGITIVE SLAVE EXCITEMENT.

We have said, again and again, that the public sentiment of this city is decidedly hostile to the fugitive Slave Law, and that its execution here could only be effected at the muzzle of the musket. During the forenoon it was rumored that warrants for some fifteen fugitives were in the hands of United States Marshal, Col. HARRY WILTON, and that an attempt would be made to arrest them during the day.

The facts in the case we learn to be substantially as follows: There were warrants in the hands of Col. Wilton for four (not fifteen) fugitives. Two of these were issued some time ago—one as early as in October—the other two were of more recent date. The claimants had been in the city for more than a week, and had brought Col. Wilton here from his residence in Springfield for the express purpose of making the arrests. The Col. understands the state of popular sentiment here to be as we have described it above, and as a matter of precaution, before proceeding to make the arrests, ordered the two military companies to hold themselves in readiness as above. Captain Wyman of the Light Guard, was not in town, and the command of that company devolved upon Lieut. Harding. Not being satisfied of the Marshal's power to call the company out, Lieut. Harding, we understand, applied to Judge Dickey for his opinion upon the subject, which was readily given, and was to the effect, that the Marshal had no such power. Upon hearing this opinion the company dispersed.—*Chicago Democratic Press 9th inst.*

Iowa Legislature.

DAVENPORT, Iowa, Dec. 8.—The Democrats have a majority of one in the Senate; but in consequence of one being disabled with a broken arm, there is a tie, and at last account from Iowa City, the Senate have not organized on that account. It is the general received opinion that E. Cook, of this city, will be the successful candidate for U. S. Senator.

Postponement of the Railroad Vote.—At the meeting of the Common Council yesterday, a resolution was passed postponing the vote for or against the City loaning its bonds to the amount of $300,000, to the Milwaukee and Mississippi railroad company.

The Board has been petitioned to reduce the amount to 150,000 and has consented to do so; so that, it will be necessary for the Mayor to issue another proclamation.—*Dubuque Express & Herald 5th inst.*

FIRE.—About 12 o'clock last Tuesday night, the old *Washington House* in this city, was discovered to be on fire, and before our citizens could get on the spot with the engine, the fire had made such progress that all efforts to save the building proved useless. The building was occupied by two or three families, some of whom met with considerable loss in furniture clothing, provisions, &c., The house was owned by Mr. Beaumont, and was not insured.—*Green Bay Adv. 7th inst.*

THE notorious Fakir of Siva, who had established himself at Odd-Fellows Hall, New Orleans, and was about to astonish the world by his grand "Presentation Festival," absquatulated on leaving the "Fourth Estate," his landlady and sundry others in the lurch. The Fakir, before his flight, left behind him a number of letters addressed to his indignant victims, thanking them for their generous hospitality.

Can any one tell us the reason or the justice of the fees charged for loaning School monies? A poor man wants, and may possibly get a loan of $100. He pays 7 per cent. interest, and is charged 3¼ per cent. or $3,50 for fees to the officers, without any law for it whatever. The farm then stands mortgaged for the $100, while the man gets only $89,50.—*Madison Patriot.*

LUMBERING.—The little snow which has already fallen, has given a fresh impetus to the lumber business. Men and teams, by the score are rushing to the pineries. The season looks promising for that branch of business.—*Green Bay Adv. 7th inst.*

SNOW STORM.—During the latter part of Saturday last, and through the night, we were visited by a heavy gale and severe snow storm. The cold during the night was intense, and the snow fell to the depth of four or five inches.—*Green Bay Adv. 7th inst.*

WE learn that the citizens of Fort Howard are taking measures to have their village incorporated at the ensuing session of the Legislature.—*Green Bay Adv. 7th inst.*

ACCIDENT TO A SCHOOL BOY.—Edgar the son of Mr. C. S. Snow, while returning from school, fell and fractured the femur, or thigh bone. It was immediately adjusted by Drs. Smith & Botsford, of this village.—*Beaver Dam. Sentinel.*

GOOD PORK.—*Ingalsbie,*—On last monday, killed four hogs, weighing together 1,500 lbs. The heaviest one weighed 412 lbs. That will do for sheats less than 18 months old.—*Columbus Rep.*

THE Members of the Administration Party, in trying to break down the Know-Nothings, have been nearly extinguished. We think their only alternative is, not to try to differentiate, but to all turn-nation.—*Toledo Blade.*

MARINE.

The Detroit *Advertiser* of the 7th says—The sudden cold weather has caught a great many vessels out in some hard spots. Some day or two ago, the barque Great West, the brig J. H. Harmon, and the J. W. Allen, started from Port Huron for Chicago together. We learned yesterday that the great West had put back to Port Huron; of the other two we have as yet heard nothing. The barque Canada is on the flats with 47,000 bushels of oats: so is the Giddings, the Young America, the White Squall, and the Flying Cloud, (the last one aground,) all waiting for a chance to be towed down, with the ice making very fast around them.

The Badger State has been towed over the flats, and will probably take up her winter quarters at Algomac.

There are several vessels aground on the flats, one of which we learn, has upwards of 20,000 bushels of oats on board. The Port Huron boats have both laid up. The Ocean and May Queen are here in port, and the North Star is probably in Cleveland. The Bay City stopped running several days ago, and all the regular lines have suspended operations.

The schooner Ireland, which went ashore on the reef opposite the light-house at this port, some four weeks since, with a cargo of corn, went to pieces in the storm of Tuesday night. Not a vestige of her was to be seen yesterday.

Capt. Blue, of the brig Julia Dean, arrived last evening, from Fairport, and informs us that the vessel that was lost with all hands, on Monday, at the port, was the schooner R. R. Johnson, Capt. Snell.

We were shown a letter last evening, from Mr. Wilson, of Malden, which states that the following vessels were at, or near Malden, on Tuesday, bound down:—Brig Gen. Worth, Schooner Aeriel, and Barque Jesse Hoyt. Above Malden, Barque B. S. Shepard, Schooner Flying Cloud, Schooner White Squall, Brig J. R. Giddings, Brig Young America, Barque Canada and the Barque Rœlofson.

The Schooner T. Wyman had run back and gone ashore six miles below Malden. She was leaking badly.

The schr. Asia which we reported ashore yesterday morning at Fairport, was driven so far on to the beech that the crew jumped ashore. Vessel will probably go to pieces.

Wrecked.—The schooner Conductor, which sailed from Detroit for Toronto, laden with 8,000 bu of corn, went ashore at Long Point during the snow storm of Sunday morning last. Her captain has arrived at Detroit, and reports both vessel and cargo are total loss.—*Buffalo Democracy.*

THE river was nearly covered yesterday with masses of floating ice, two or three inches in thickness, and we learn that the harbors above and below are more or less frozen. There are several vessels aground on the Flats, one of which, we learn, has upwards of 20,000 bushels of oats on board. The Port Huron boats have both laid up. The *Ocean* and *May Queen* are here in port, and the *North Star* is probably in Cleveland. The *Bay City* stopped running several days ago, and all the regular lines have suspended operations.—*Detroit Inq. 7th inst.*

STEAMER FROZEN IN.—The Steamer *Martin* on her return trip from Oconto, about a week since, was frozen fast in the ice on the west side of the Bay, about six miles from this city. She is in a bad position, and we learn it will be impossible to move her before the ice breaks up in the spring. Since this boat has been in this perilous position there have been one woman and two men on board, sick and helpless, and the only assistance or help they have had has been from a small girl 11 years of age, the crew of the boat having escaped to the shore a day or two after it was found impossible to get her into port. Dr. Crane visited them on Monday, and informs us that they have suffered very much from cold, &c.,—*Green Bay Adv. 7th inst.*

ANOTHER BOAT IN THE ICE.—We learn that the sloop *Etta*, with 167 barrels of Whitefish is frozen in the Bay near the steamer *Martin*. Her crew have succeeded in reaching the shore. We also learn that another small vessel from Chambers' Island, with 11 or 12 persons on board, was frozen in the ice near the *Etta*, and that many of the passengers particularly a sick woman and child, suffered severely before the ice became strong enough to take them to the *Martin*.—*Green Bay Adv. 7th inst.*

FROZEN OVER.—Fox river, at this place, is frozen sufficiently for pedestrians to cross in safety; but not so for teams. We learn that a sleigh loaded with flour, &c., for Mr. Marshall, of Duck Creek, and also one belonging to Mr. Rockafellow, of Oneida Settlement, with similar loading, broke through the ice on Tuesday. The property was saved, but some of it was in a damaged condition.—*Green Bay Adv. 7th inst.*

THE DANGERS OF THE SEA.—The shipwrecks of the last eighteen months count up near eight thousand dead. The accounts of this single week add a thousand or more. Among the most prominent in the great loss of life are the following: *Steamers*—Birkenhead, 700; City of Glasgow, 500; San Francisco, 200; Arctic, 330; Yankee Blade, 40; Forerunner, 14; Launch, 24; Pearl, 18. *Sailing vessels*—Olympus and Trade Wind, 24; Walter Claxton, 13; Ship E. Z., 19; cutter Hamilton, 15; Taylour, 379:—Staffordshire, 180; Favorite, 201; Mary Jane, 144; Santa Anna, 70; Powhattan, 330; New Era, 277; Johannes, 84; Abidish, 701; Mercedes, 731; W. H. Davis, 29; Annie Jane, 375; Europa, 18; Waldron, 85; Leviathan, 99; Warren, 14. Total, 5,534.—*New York Tribune.*

SWINE.—Eleven thousand three hundred and twenty-one swine were received in the City last week, over the New York & Erie Railroad.—They were mostly from Ohio. At a fair estimate the hogs averaged 150 lbs. each, or 1,698,150 lbs.—which, at 6¼ ₱ lb., is $101,889 for swine over a single route in the space of seven days.—*N. Y. Times, 6th inst.*

JUDGE PEARSON, in a recent charge to the grand jury at Harrisburg, decided that an individual who visits from tavern to tavern, drinking five or six times daily, is emphatically a man of intemperate habits, and that tavern keepers in Pennsylvania who sell to such are liable to prosecution under the act prohibiting the sale of liquors to "men of known intemperate habits."

James S. Baker, Esq., we learn, has resigned his office as Cashier of the Northern Bank.—*Green Bay Adv. 7th inst.*

EARLY COPIES SECURED.

LEONARD SCOTT & CO., New York, continue to republish the following British Periodicals, viz:
1. THE LONDON QUARTERLY (Conservative).
2. THE EDINBURGH REVIEW (Whig).
3. THE NORTH BRITISH REVIEW (Free Church).
4. THE WESTMINSTER REVIEW (Liberal).
5. BLACKWOOD'S EDINBURGH MAGAZINE (Tory)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news letters, crude speculations, and lying rumors of the daily Journal, and the ponderous Tome of the future historian, written after the dying interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well established literary, scientific and theological character, we urge them upon consideration of the reading public.

☞ Arrangements are now permanently made for the receipt of **Early Sheets** from the British Publishers, by which we are enabled to place **All Our Reprints** in the hands of our subscribers about as soon as they can be furnished with the foreign copies. Although this involves a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:

SHAVING & HAIR DRESSING

IN the best manner at 23 Spring Street, three doors east of the American, by
Milwaukee, July 6th. dtf GEO. H. CLARK

Three Children of Mrs. Brown, residing in Pine street, St. Louis, Mo., by a most remarkable coincidence were scrofulously inclined, the eldest (Jane) most particularly so, and the mother finding each to be the case, did all in her power to relieve the sufferer, but in vain she became worse, the blood of the others was equally impure, and they all three were so bad at last, as to become an object of horror to their friends. The mother, about eight weeks ago, put them through a course of Holloway's Pills and Ointment, and strange, yet true it is, that their blood became thoroughly purified, and the scrofulous symptoms disappeared. They are now all three in excellent health, to the astonishment and delight of their affectionate parents. dec4dawlw

Keep to the right, whoever expects
Securely to carry Life's load.

Keep to the right, nor ever be hurled
From what by the statute is yours.

The British Periodicals.

The Quarterly, The Edinburgh, The North British, and The Westminster Reviews, and Blackwoods' Edinburgh Magazine.—In calling attention to the above periodicals, we do not feel that we are recommending trash, which so often passes current as the literature of a country They have been long established, have earned a world-wide reputation, and are sustained by the most eminent literary and scientific writers of Great Britain

The Edinburgh **Review is the organ of what** was the Whig party, and has made a deep impression on the politics of the country.

The Quarterly, is the Tory organ, and was established to counteract the influence of the Edinburgh Review, and to oppose Political Reform, and Catholic Emancipation, which the Review advocated

The Westminster Review belongs to the Radical School, and is not specially trammelled by orthodoxy, siding with the Unitarians.

The North British Review was originated by the leaders of the Free Scottish Church, in part to neutralize the Liberalism of the Westminster Review. It is Evangelical, and has a strong array of contributors

Blackwood's Magazine is too well known to need any commendation. It is the Prince of Magazines

These works are published in this country, by Leonard Scott & Co., New York, immediately on their reception. Those who wish to keep themselves posted with the literature, politics and religion of Great Britain and the world should take one or more. See advertisement

OFFICIAL RETURNS FROM CALIFORNIA.—The official returns for Congress and Clerk of the Supreme Court of California, have been opened and counted in the office of the Secretary of State. The vote for Denver (anti-Broderick) is 37 637, and for Herbert (anti-Broderick) 37,409 They were the regular Democratic nominees Bowie (Whig) received 35,-30 , and Bonham (Whig) 35,035. The votes for the Broderick Democratic candidates were as follows. Churchman, 10,039; McDougall, 10,01 , Mr. Latham, (Dem) who was not a candidate, received 1,243 votes. Beard, the Whig candidate for Clerk of the Supreme Court is elected by a plurality of 295 votes over Leake, the anti-Broderick Democratic nominee —Woodside, the Broderick Democratic candidate, having received 11,721 votes.

FROM KANSAS —Gov REEDER has decided not to order an election for a Territorial Legislature this season, as here has been no census of the inhabitants taken to serve as a basis for representation, and there is no fit place for holding a Legislative session. This decision has been taken in high dudgeon by the Missouri slaveholders, who had arranged to throw over voters enough into the Territory to elect a Legislature that would expressly legalize Slavery They are very fiercely assailing Gov. R as a land-speculator, monopolist, &c.

PENNSYLVANIA.—Hon James Pollock, Governor elect, has tendered to Andrew G. Curtin, of Centre County, the appointment of Secretary of State. John M Sullivan, of Butler Co., is selected for Deputy Secretary. Both of these gentlemen are understood to have accepted

PRESIDENT OF THE SENATE.—Gen BRIGHT of Indiana, was elected President of the U. S. Senate, on the 5th inst , by the following vote: Bright 21; Dawson 2; Chase 6; Foot 2; Badger 1

PRESIDENT'S MESSAGE.—In speaking of the President's Message, the Columbus Reporter (Democratic) says:

"Though we do not feel disposed to find fault with the document, we must admit that it contains very little beyond the capacity of a school boy."

G B UPTON has been nominated by the Whigs of Boston, as their candidate for Mayor. Mayor SMITH, the present incumbent, is the know Nothing candidate

GEO W. SUMMERS will probably be the know-Nothing candidate for Governor of Virginia If he is nominated, it is thought, he will be elected.

ELECTION — The Know-Nothings elected their whole ticket, in Lawrence, Mass., on the 4th inst ALBERT WARREN was their candidate for Mayor.

ALABAMA.—Wm. R. Smith, of Kossuth notoriety, is named as a Democratic candidate for reelection to Congress.

MAYOR —E A. Putnam, Whig, has been elected Mayor of St. Augustine, Florida, by 25 majority over J. M. Gould, Dem.

AT the recent town election in Hartford, Conn , there were twenty-three tickets in the field. Most of the successful candidates were Whigs.

THE PRESIDENT'S MESSAGE was put in type in the *N. Y. Tribune* office in forty-five minutes, and issued in an extra some time in advance of all competition.

THE Boston *Mail* "hangs out its banner" with the name of Edwin Forrest as Native American candidate for the next Presidency.

THE Kansas Herald says that Leavenworth is expected to be the present capital of the territory, abundance of coal is found in that region, and the "Merchants and Farmers' Bank of Leavenworth" is about going into operation.

FREEZE GLOVES.—Fifty-three slaves, freed by the will of the late Chas. Everett, of Virginia, have passed Petersburg, Va., for Pennsylvania, where they are to be located, with an outfit valued at $2,500 for cash.—*Philadelphia Gazette, 5th.*

Reports from the War, Navy and Post-office Departments.

The annual report of the Secretary of the Navy recommends an increase of the material of the Navy, and new regulations for the improvement of seamen.

The Secretary declares the Darien ship canal route impracticable. Says he could not reprove Hollins for his conduct at Greytown.—Compliments Commodore Perry for his success at Japan. He would not increase the officers of the Navy, but create a retired list of the infirm ones, discharge the inefficient, and regulate promotions in a degree by merit instead of seniority. He would make moral or physical incapacity disqualify for promotion. Experience, the Secretary says, justifies the abrogation of flogging, but that a substitute is required. Proposes indefinite increase of marine corps. Recommends a marine dock and railway at San Francisco.

The Secretary of War reports the actual strength of the Army at 20,745; authorized strength 14,216. Enlistment are fast filling up the deficiency. Better luck is hoped for next year in the removal of the Seminoles. The military force on the frontier must be increased. Recommends, again, camels and dromedaries for military purposes. Wishes the widows and orphans of naval officers placed on an equality with those of army officers. Proposes nine Brigadier Generals, being an addition of three Advocates merit as the criterion for promotion. Recommends professorship of ethics and English studies at the military academy.

The Post Master General recommends a system of registration of valuable letters, such to be sent under a special post bill, and 5 cts. additional postage to be charged for registeration. A system of checks for the detection of missing letters and mail robbers is also suggested. The Post Master General compliments highly the Collins' Line of Steamers, but thinks the present pay too high. He advises the Government to exercise their right, to purchase the California Mail Co's ships, and abrogate their contract unless the contractors will give weekly service for the present contract prices.

FUGITIVE SLAVE EXCITEMENT.

We have said, again and again, that the public sentiment of this city is decidedly hostile to the fugitive Slave Law, and that its execution here could only be effected at the muzzle of the musket. During the forenoon it was rumored that warrants for some fifteen fugitives were in the hands of United States Marshal, Col. HARRY WILTON, and that an attempt would be made to arrest them during the day.

The facts in the case we learn to be substantially as follows: There were warrants in the hands of Col. Wilton for four (not fifteen) fugitives. Two of these were issued some time ago—one as early as in October—the other two were of more recent date. The claimants had been in the city for more than a week, and had brought Col. Wilton here from his residence in Springfield for the express purpose of making the arrests. The Col. understands the state of popular sentiment here to be as we have described it above, and as a matter of precaution, before proceeding to make the arrests, ordered the two military companies to hold themselves in readiness as above. Captain Wyman of the Light Guard, was not in town, and the command of that company devolved upon Lieut. Harding. Not being satisfied of the Marshal's power to call the company out, Lieut. Harding, we understand, applied to Judge Dickey for his opinion upon the subject, which was readily given, and was to the effect, that the Marshal had no such power. Upon hearing this opinion the company dispersed.—*Chicago Democratic Press 9th inst.*

Iowa Legislature.

DAVENPORT, Iowa, Dec. 8.—The Democrats have a majority of one in the Senate; but in consequence of one being disabled with a broken arm, there is a tie, and at last account from Iowa City, the Senate have not organized on that account. It is the general received opinion that E. Cook, of this city, will be the successful candidate for U. S. Senator.

Postponement of the Railroad Vote.—At the meeting of the Common Council yesterday, a resolution was passed postponing the vote for or against the City loaning its bonds to the amount of $300,000, to the Milwaukee and Mississippi railroad company.

The Board has been petitioned to reduce the amount to 150,000 and has consented to do so; so that, it will be necessary for the Mayor to issue another proclamation.—*Dubuque Express & Herald 5th inst.*

FIRE.—About 12 o'clock last Tuesday night, the old *Washington House* in this city, was discovered to be on fire, and before our citizens could get on the spot with the engine, the fire had made such progress that all efforts to save the building proved useless. The building was occupied by two or three families, some of whom met with considerable loss in furniture clothing, provisions, &c., The house was owned by Mr. Beaumont, and was not insured.—*Green Bay Adv. 7th inst.*

THE notorious Fakir of Siva, who had established himself at Odd-Fellows Hall, New Orleans, and was about to astonish the world by his grand "Presentation Festival," absquatulated on leaving the "Fourth Estate," his landlady and sundry others in the lurch. The Fakir, before his flight, left behind him a number of letters addressed to his indignant victims, thanking them for their generous hospitality.

Can any one tell us the reason or the justice of the fees charged for loaning School monies? A poor man wants, and may possibly get a loan of $100. He pays 7 per cent. interest, and is charged 3½ per cent. or $3,50 for fees to the officers, without any law for it whatever. The farm then stands mortgaged for the $100, while the man gets only $89,50.—*Madison Patriot.*

LUMBERING.—The little snow which has already fallen, has given a fresh impetus to the lumber business. Men and teams, by the score are rushing to the pineries. The season looks promising for that branch of business.—*Green Bay Adv. 7th inst.*

SNOW STORM.—During the latter part of Saturday last, and through the night, we were visited by a heavy gale and severe snow storm. The cold during the night was intense, and the snow fell to the depth of four or five inches.—*Green Bay Adv. 7th inst.*

WE learn that the citizens of Fort Howard are taking measures to have their village incorporated at the ensuing session of the Legislature.—*Green Bay Adv.* 7th inst.

ACCIDENT TO A SCHOOL BOY.—Edgar the son of Mr. C. S. Snow, while returning from school, fell and fractured the femur, or thigh bone. It was immediately adjusted by Drs. Smith & Botsford, of this village.—*Berry Dem. Sentinel.*

GOOD PORK.—'Squibbin,'—On last monday, killed four hogs, weighing together 1,800 lbs. This beat last year's record 400 lbs. will do the thing less than 16 months old.—*Rockford Rep.*

THE Members of the Assembly Fire, in trying to break down the Know-Nothing party have nearly extinguished. We think that, as a party, it is not to try to ride astride, but to sit down astride.—*Toledo Blade.*

MARINE.

The Detroit *Advertiser* of the 7th says—The sudden cold weather has caught a great many vessels out in some hard spots. Some day or two ago, the barque Great West, the brig J. H. Harmon, and the J. W. Allen, started from Port Huron for Chicago together. We learned yesterday that the great West had put back to Port Huron; of the other two we have as yet heard nothing. The barque Canada is on the flats with 47,000 bushels of oats: so is the Giddings, the Young America, the White Squall, and the Flying Cloud, (the last one aground,) all waiting for a chance to be towed down, with the ice making very fast around them.

The Badger State has been towed over the flats, and will probably take up her winter quarters at Algomas.

There are several vessels aground on the flats, one of which we learn, has upwards of 20,000 bushels of oats on board. The Port Huron boats have both laid up. The *Ocean* and *May Queen* are here in port, and the North Star is probably in Cleveland. The Bay City stopped running several days ago, and all the regular lines have suspended operations.—*Detroit Inq. 7th inst.*

STEAMER FROZEN IN.—The Steamer *Martin* on her return trip from Oconto, about a week since, was frozen fast in the ice on the west side of the Bay, about six miles from this city. She is in a bad position, and we learn it will be impossible to move her before the ice breaks up in the spring. Since this boat has been in this perilous position there have been one woman and two men on board, sick and helpless, and the only assistance or help they have had has been from a small girl 11 years of age, the crew of the boat having escaped to the shore a day or two after it was found impossible to get her into port. Dr. Crane visited them on Monday, and informs us that they have suffered very much from cold, &c.,—*Green Bay Adv. 7th inst.*

ANOTHER BOAT IN THE ICE.—We learn that the sloop *Etta*, with 167 barrels of Whitefish is frozen in the Bay near the steamer *Martin*. Her crew have succeeded in reaching the shore. We also learn that another small vessel from Chambers' Island, with 11 or 12 persons on board, was frozen in the ice near the *Etta*, and that many of the passengers particularly a sick woman and child, suffered severely before the ice became strong enough to take them to the *Martin*.—*Green Bay Adv. 7th inst.*

FROZEN OVER.—Fox river, at this place, is frozen sufficiently for pedestrians to cross in safety; but not so for teams. We learn that a sleigh loaded with flour, &c., for Mr. Marshall, of Duck Creek, and also one belonging to Mr. Rockafellow, of Oneida Settlement, with similar loading, broke through the ice on Tuesday. The property was saved, but some of it was in a damaged condition.—*Green Bay Adv. 7th inst.*

THE DANGERS OF THE SEA.—The shipwrecks of the last eighteen months count up near eight thousand dead. The accounts of this single week add a thousand or more. Among the most prominent in the great loss of life are the following: *Steamers*—Birkenhead, 700; City of Glasgow, 500; San Francisco, 200; Arctic, 330; Yankee Blade, 40; Forerunner, 14; Launch, 24; Pearl, 18. *Sailing vessels*—Olympus and Trade Wind, 94; Walter Claxton, 13; Ship E. Z., 19; cutter Hamilton, 15; Tayleur, 379;—Staffordshire, 180; Faverite, 201; Mary Jane, 144; Santa Anna, 70; Powhattan, 330; New Era, 277; Johnanna, 64; Abidieh, 701; Matedee, 731; W. H. Davis, 29; Annie Jane, 375; Europa, 18; Weldren, 85; Leviathan, 28; Warren, 14. Total, 5,534.—*New York Tribune.*

SWINE.—Eleven thousand three hundred and twenty-one swine were received in the City last week, over the New York & Erie Railroad. They were mostly from Ohio. At a fair estimate the hogs averaged 150 lbs. each, or 1,698,150 lbs.—which, at 6 cts. per lb. is $101,889 for swine over a single route in the space of seven days.—*N. Y. Times. 6th inst.*

JUDGE PEARSON, in a recent charge to the grand jury of Harrisburg, decided that "all fast riders, who ride from horses to the public danger, being five or six times guilty of misdemeanor in each of the streets of Harrisburg, and thus severely punishable, and that every person who rides a horse faster than a walk, while in the streets of Harrisburg, is guilty of a misdemeanor."

BRITISH PERIODICAS!

EARLY COPIES SECURED.

LEONARD SCOTT & CO. New York, continue to republish the following British Periodicals, viz:

1. THE LONDON QUARTERLY (Conservative).
2. THE EDINBURGH REVIEW (Whig).
3. THE NORTH BRITISH REVIEW (Free Church).
4. THE WESTMINSTER REVIEW (Liberal)
5. BLACKWOOD'S EDINBURGH MAGAZINE (Tory)

The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news items, crude speculations, and flying rumors of the daily Journal, and the ponderous Tome of the future historian, written after the dying interest and excitement of the great political events of the time shall have passed away It is to these Periodicals that readers must look for the only really intelligible and reliable history of current events, and as such, in addition to their well established literary, scientific and theological character, we urge them upon consideration of the reading public

☞ Arrangements are now permanently made for the receipt of **Early Sheets** from the British Publishers, by which we are enabled to place **All Our Reprints** in the hands of our subscribers about as soon as they can be furnished with the foreign copies. Although this involves a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:

	Per ann.
For any one of the four Reviews	$3 00
For any two of the four Reviews	5 00
For any three of the four Reviews	7 00
For all four of the Reviews	8 00
For Blackwood's Magazine	3 00
For Blackwood and three Reviews	9 00
For Blackwood and the four Reviews	10 00

Payment to be made in all cases in advance. Money current in the State where issued will be received at par.

SHAVING & HAIR DRESSING

IN the best manner at 23 Spring Street, three doors east of the American, by

Milwaukee, July 6th. dtf GEO. H. CLARK

Three Children of Mrs. Brown, residing in Pine street, St Louis, Mo., by a most remarkable coincidence were scrofulously inclined, the eldest (Jane) most particularly so, and the mother finding such to be the case, did all in her power to relieve the sufferer, but in vain; she became worse, the blood of the others was equally impure, and they all three were so bad at last, as to become an object of horror to their friends. The mother, about eight weeks ago, put them through a course of Holloway's Pills and Ointment, and strange, yet true is is, that their blood became thoroughly purified, and the scrofulous symptoms disappeared. They are now all three in excellent health, to the astonishment and delight of their affectionate parents. dec4&aw1w

The English loss was very great—38 officers were killed, 96 wounded and 2 missing. Of the rank and file 442 men were killed 760 wounded, and 156 missing. The French had one General killed and two wounded; 14 officers killed and 21 wounded.

The Russians are pouring down in large masses from the North. French accounts state that that everything was prepared for the assault, but the Allies had postponed it till the arrival of reinforcements.

A dispatch from Vienna states that Russia has intimated to Austria that she is willing to negotiate.

Lord Palmerston had arrived at Paris and had daily interviews with the Emperor.

Arrival of the North Star.

NEW-YORK, Dec. 9.—The Steamship *North Star* reached her dock about 11 o'clock, bringing $1,384,000 in specie from California, and dates to the 16th Nov. The mining news was cheering. Lucky strikes were plenty.

Sandwich Island dates to Oct. 28 report that the annexation feeling was strong, and it is generally understood that the treaty of cession has been signed by the Ministry and King, and only waits the signature of the Prince, who is absent.

From Mexico and Texas.

BALTIMORE, Dec. 4.—By the arrival of the Southern mail we have received New Orleans papers of Tuesday.

The steamship *Nautilus* had arrived from the Brazos, bringing five hundred and fifty-five thousand dollars in specie.

A large force of Mexican troops had gathered at Matamoras, and Gen. Woll had summoned the Seminole chief, Wild Cat, and his followers there, and it was supposed that they were wanted for some secret mission.

Indian depredations were continuing, and 3 soldiers from Fort Davis had been killed.

WASHINGTON, Dec. 5.—Mr. Bright's election is a dagger to the Administration. He had bitterly denounced it. The debate on Mr. Soliers's resolution to-day was quite spicy. Mr. Soliers is an able speaker, and is strongly suspected of Know-Nothingism. Mr. Bocock is also stellarly suspected. His remarks to-day are condemned by his colleagues. Know-Nothingism is a perfect wahoo-bo in the South.

NEW YORK, Dec. 6th.—The largest distillery was burned on the Hudson River road Pocahontas last night. Loss on freight proceeds on vessel $60,000. She was bound for the Railroad Depot at Piermont.
